

# Dr. Thomas Frascillo

Professor of Music/Director of Bands  
The University of Southern Mississippi

Past President  
The American Bandmasters Association  
National Band Association

The educational goals surrounding the inception of the SCRMC were lofty but extremely sound. Hence with several years to its credit, the event has grown to one of considerable size giving to its participants both teachers and students a splendid experience. Topflight clinicians, adjudicators, and performing groups give a regional event a truly national feel. I encourage everyone in our area from Texas to Georgia to take advantage of the efforts of these dedicated organizers and sponsors.
